

Race into PSCU for hot car deals!

While the kids get set to check out the new Disney Cars movie set to hit theaters on Father's Day Weekend, you can kick up your feet at home and find your new speed machine from PSCU's online dealership. The link to the auto buying center is located on the lower left side of the PSCU home page:

www.pscu-wausau.com

This program gives you the chance to review auto dealership vehicles without going to the dealership and not being pressured to buy before you are ready.

You can review the inventory, get a Carfax report and then give the credit union a call to get a pre-approval for that purchase. And you can get all of this information directly from the PSCU website!

Summer sun brings PSCU low vehicle loan rates

REFINANCE WITH PSCU

Everyone deserves a second chance. So if you financed your vehicle elsewhere, we'd like to see if we can lower your interest rate with a credit union loan. Or maybe you want to shorten the term in order to pay off your loan earlier, or lengthen it to lower your monthly payments. We want to help you with a loan that fits you like your driving gloves. Contact the credit union to find out just how easy refinancing can be.

And if you're in the market for new wheels, stop by the credit union for a pre-approval. That way you can shop like a cash buyer, getting the vehicle you want. Remember, special financing offers often only apply to less-popular models and "not all buyers will qualify." At the credit union, we'll work with you to put you in the driver's seat.

Does your home need a fix up?

Spring home improvement project still on the 2017 to-do list? It's not too late to feather your nest. Need to spruce up the patio or the deck for summertime entertaining? Time to update the kitchen or the bathroom? Add insulation to whittle those energy bills down to size? Home improvements not only make your space more livable, but also can protect your investment in your home. With housing prices trending back up, you can add more value to your home than you could just a few years ago because chances are, you have accrued more equity.

A Home Improvement Loan from the credit union can make it happen. So whether it's a modest do-it-yourself project or a refurbishment of the kitchen that requires professional help, call on the credit union for your financing.

Keep your savings intact with a share secured loan

You've worked hard to build up your savings account: Foregone the daily latte, cut the cable cord, avoided trips to the mall. So now, make your savings work for you. If you need emergency cash and don't want to raid your savings or use a high-interest rate credit card, it's time for a Share Secured Loan from the credit union. Here's how it works: You use your share savings as collateral for a loan. Because you have pledged your savings against a potential default, you will receive a lower interest rate than on an unsecured loan - like a credit card charge or cash advance. You'll get the cash you need for that unplanned expenditure - replacing the refrigerator or repairing your car - and your savings remain intact for your long-term goals - a vacation, college expenses, and retirement.

Once you've paid off the loan, keep a good thing going by adding the payment amount to your savings. Use automated transfer or payroll deduction to make saving painless. Contact the credit union and ask about a Share Secured Loan today.

FACT or FICTION

Information you can use NOW!

Q: Do I have easy access to funds in my PSCU accounts?

A: FACT

Absolutely! PSCU has ATM cards available for its members. Just give staff a call to order a card. You can then use the card as a debit card to withdraw funds from an ATM machine, or for use directly at time of purchase. Once you receive your card, you will be given a PIN number that will provide added security during card use.

THANK YOU

PSCU members

Thanks to everyone who attended the annual meeting in March. We hope to see more members next year for the meeting - all members are welcome!
