Stash some summer cash with low vehicle loan rates

Everyone deserves a second chance. So, if you financed your vehicle elsewhere, we'd like to see if we can lower your interest rate with a credit union loan. Or maybe you want to shorten the term in order to pay off your loan earlier, or lengthen it to lower your monthly payments? We want to help you with a loan that fits your needs. Contact PSCU to find out just how easy refinancing can be.

And if you're in the market for new wheels, stop by PSCU for a loan pre-approval. That way you can shop like a cash buyer, getting the vehicle you want. Remember, special financing offers often only apply to less-popular models and "not all buyers will qualify." That means only those with pristine credit are eligible. At the credit union, we'll work with you to put you in the driver's seat.

TIPS to lower YOUR car insurance

It pays to include a reassessment of your car insurance bill in your financial spring cleaning. To lower your rate, try these methods:

- 1 Shop around to see if other companies offer a lower quote
- 2 Ask your insurer if they offer discounts for safety features, low mileage, other factors
- 3 Take or renew a defensive driving course
- 4 Set a higher accident deductible and reduce areas of coverage on older vehicles

Keep your home safe while on vacation

Your vacation should be relaxing and worry-free. That's why it's a good idea to prepare your home before you leave on vacation with this checklist. With a little extra vigilance, you can help keep your property and belongings safer while you're gone.

- 1 Ask a trusted friend or neighbor to keep an eye on things. Also, have them take out the trash.
- 2 Ask a neighbor to park in your driveway occasionally, so there's activity at your house.
- 3 Make sure your lawn stays trimmed, or your driveway is shoveled if it snows.
- 4 Leave your blinds/curtains exactly as they are when you're home.
- 5 Put at least one light in your house on a timer.

FACT OR FICTION

Information you can use NOW!

Q: Is GAP insurance a good purchase on vehicle loans?

A: FACT

Yes! If you financed most of the value of your vehicle and you total your vehicle in an accident, the insurance company may not give you the full value of the vehicle or what you owe on the loan. When this happens, you are left with paying on a vehicle you don't have anymore. With the purchase of GAP insurance, the insurance company will pay off the balance of the loan.
